

Here we are  
dancing underneath the stars  
open up and let me in  
we're gonna spiral around again

Here we go  
Dancing around the radio  
open up and let me in  
were gonna spiral around again

Come on every body  
its time to move your feet  
so join the celebration  
we're dancing in the streets

Here we are  
dancing underneath the stars  
open up and let me in  
we're gonna spiral around again

Here we go  
Dancing around the radio  
open up and let me in  
were gonna spiral around again

Underneath the moonlight  
underneath the stars  
com out dancing everyone  
remember who you are

Here we are  
dancing underneath the stars  
open up and let me in  
we're gonna spiral around again

Here we go  
Dancing around the radio  
open up and let me in  
were gonna spiral around again

You know where to find us  
you know where we're at  
so post it up on facebook  
send a text a tweet or chat

Here we are  
dancing underneath the stars  
open up and let me in  
we're gonna spiral around again

Here we go  
Dancing around the radio  
open up and let me in  
were gonna spiral around again

Theres no need to stay at home  
aint no need to be all alone  
call you friends on the telephone  
come and dance with me

Here we are  
dancing underneath the stars  
open up and let me in  
we're gonna spiral around again

Here we go  
Dancing around the radio  
open up and let me in  
were gonna spiral around again
